

What you should do?

Stay on the site roads and temporary roadways.

Check the vehicle is level and stable and that you can load/unload safely.

Ensure that containers are save standing on the surface when attaching and/or removing the nets or tarpaulins.

Never drive away before the loading platform has lowered fully or before the container has been hoisted fully.

Always leave the site through the car wash.

Drive slowly through the car wash so that all tires are clean.

Alert staff immediately if there is a leak, spill and/or dust formation.

Also report near misses and hazardous situations.

Caution! Hazardous (and non-hazardous) waste substances are treated and landfilled on this site. Do not touch them. You can wash yourself next to the weighbridge inside the company building.

Safety instructions

Maximum speed is 15 km/hour.

Watch out for the shovels and other work traffic.

Stay out of the crane's turning range until the operator gives you permission to enter it.

Wear your seatbelt on site and during unloading.

Never walk over the load in the bin and/or the container.

Keep the windows of your cab closed.

When unloading asbestos, never get out of the cab.

With multiple loads, only get out of the cab with the operator's permission.

When outside the cab, always wear safety shoes or safety boots, reflective work clothing and a hard hat.

In some places other PPE may be mandatory. Pay attention to the signs.

Accidents / Incidents

When every second counts

Alert the alarm post

- On +31 (0)181-354886 or
- On one of the Mineralz staff's walkie talkies
- If there is no answer, call 112 immediately and then the alarm post again

Report:

- Your name
- Where you are
- What has happened
- The number of victims
- Their injuries

Stay calm, think about your own safety and follow the instructions given by the company emergency response officers and members of the emergency services.

Access rules

- People < 18 years are not permitted on the site. Including in the cab of the lorry. They can wait by the weighbridge.
- An eating and drinking ban applies across the entire site (except in the canteens).
- Smoking is prohibited across the entire site. Smoking is only permitted in the places indicated.
- It is strictly prohibited to use, be in the possession of or be under the influence of alcohol and/or drugs.
- If you do not adhere to these safety rules or to the instructions given by Mineralz staff, you can be removed from the site in accordance with the sanctions policy.
